Contract clauses

1. Scope of services

The provider supplies a centralised cash management platform for the customer's Dutch retail locations. The Standard tier includes daily transaction summaries, location-level reporting and standard business-hours support.

2. Current service limits

The agreement covers up to 40 locations and 120 connected cash devices. Additional locations or devices require a written order form.

3. Optional services

Cash forecasting, advanced analytics and automated anomaly alerts are not included in the current subscription. These services may be added through a separate order form, subject to technical assessment.

4. Reporting and support

Standard reporting is delivered once per business day. Enhanced dashboards, near-real-time reporting and 24/7 support are available as separately priced options.

5. Renewal

The agreement renews only if both parties confirm renewal in writing at least 60 days before the end date.

Demo intelligence notes (for testing only)

Potential cross-sell: Cash Forecasting AI; advanced analytics; anomaly alerts. Potential upsell: Standard to Premium platform tier if a Premium tier is offered in the product catalogue.
