1. Covered estate

This addendum covers monitoring of up to 120 connected devices at the customer's Dutch retail locations.

2. Monitoring service

The Basic service provides daily device availability status and email notification of selected connectivity incidents.

3. Exclusions

Predictive maintenance, automated incident prioritisation and advanced fraud or transaction anomaly detection are excluded from this addendum.

4. Expansion

Additional device coverage and enhanced monitoring can be purchased by written change order.

5. Service review

The parties will review service performance quarterly.

Demo intelligence notes (for testing only)

Potential cross-sell: Predictive Maintenance or Fraud Detection, if available and compatible. The contract explicitly excludes these capabilities from the current scope.
