Contract clauses

1. Scope

The provider coordinates scheduled cash collection for up to 12 distribution locations in the Netherlands.

2. Planning

Collection schedules are agreed weekly. The current service does not include automated cash demand forecasting.

3. Optional services

Cash Forecasting AI and location-level optimisation may be considered through a separate proposal.

4. Customer responsibilities

The customer must maintain accurate collection forecasts and notify the provider of material changes to expected cash volumes.

5. Review

Service volumes and collection frequency are reviewed every six months.

Demo intelligence notes (for testing only)

Potential cross-sell: Cash Forecasting AI and location-level optimisation, subject to catalogue availability.
